SECTION 1 - PROJECT SPECIFICATIONS

1.0 BACKGROUND PROJECT OVERVIEW

The following information should be of assistance in developing a proposal. If you have any questions, please contact Benjamin Luce, Purchasing Agent via e-mail at bluce@norwalkct.org or via fax at 203-854-7817.

The Norwalk Parking Authority seeks the development of a Parking Capacity Study and Strategic Parking Plan (the Plan) to provide a comprehensive, city-wide framework that helps to articulate and clarify a vision and approach for parking in the city of Norwalk. The Plan will serve to align policy-makers, city staff, residents, business and property owners, and all other stakeholders so that parking goals outlined in the Plan are shared and reflect a common vision for the city as a whole. The overall plan should explore innovative strategies and parking values from a variety of user's perspectives so that the implementation tools outlined in the plan can be used by all stakeholders to achieve the best parking plan possible. The plan will create strategies to benefit the business and residential communities and visiting public and offer solutions and best practices that will assist the city and the Norwalk Parking Authority.

For a firm to be considered for this engagement, one (1) Original and ten (10) copies of its proposal must be submitted to the City of Norwalk Purchasing Agent at the address below by the time and date noted on the page one of the RFP solicitation document. Also submit the proposal on a thumb drive/digitally.

Purchasing Department, Room 103
Benjamin Luce, Purchasing Agent
125 East Avenue, Norwalk, CT 06851

The scope of the required services and other terms and conditions of this engagement are described in Section 1.2 of the attached Request for Proposals. The requested format and content of the proposals are described in Section 1.6. Proposals will be evaluated by the criteria set forth in Section 1.7.

Proposals will be initially reviewed by a Selection Committee. The Selection Committee will select the three or four firms that best meet the Parking Authority's requirements. These firms will then be invited to represent their proposals to, and respond to questions from the Selection Committee.

Following this selection process, the Selection Committee will make a recommendation to the Norwalk Parking Authority. The Norwalk Parking Authority expects to make its award recommendation in June or July 2017. Approval to enter into a contract must to be authorized by the Norwalk Parking Authority.

The Norwalk Parking Authority reserves the right to reject any and all proposals submitted, to request additional information from all proposers and to negotiate with one or more of the finalists regarding the terms of this engagement. The Norwalk Parking Authority also reserves the right to retain the proposals, use any ideas contained in the proposals and is not obligated in any manner to reimburse the proposers for the costs incurred in connection with responding to this Request for Proposals.

The Selection Committee intends to recommend the firm that, in its opinion, best meets the Parking Authority's needs, not necessarily the firm with the lowest fees.

1.1 PURPOSE

The goal of the study is the development of a citywide in depth parking capacity and strategic parking plan to provide the Norwalk Parking Authority with a framework that helps articulate and clarify a vision and approach for parking in Norwalk. The aim is to come out of the planning process with a plan that will serve to align policy-makers, city staff, residents, business and property owners so that parking goals outlined in the plan are shared and reflect a common vision for the city as a whole. The plan will explore innovative strategies and parking values from a variety of user's perspectives so that the implementation tools outlined in the plan can be used by all stakeholders to achieve the best parking plan possible.

The City is concurrently in the process of updating its current Plan of Conservation and Development. The POCD will define future areas of development citywide and the parking plan will assist this effort. The Parking Plan will help inform the POCD as well as the redevelopment plan areas in which they are located including Wall Street, West Avenue, South Norwalk TOD Area, Webster Lot and the Washington-South Main area. 1.2 SCOPE OF WORK

Phase I (Near Term)

Create a comprehensive inventory of the city's current public and private parking stock, utilization of the current parking supply, an analysis of near term and future parking needs and recommendations on the potential need for capital investment in additional surface or structured parking facilities. Make recommendations in the context of existing and proposed citywide plans related to urban development and transportation management. Recommendations to include, but not limited to, a unified parking management application using best practices including reviewing the Parking Authority's parking principles, policies and procedures, zoning regulations; shared-use districts, residential areas, and commuter parking, alternatives to parking and repurposing of parking facilities. The plan will include creative parking solutions and strategies that include public and private partnerships.

- a. Evaluate current and proposed parking policies, studies, plans and management (www.norwalkct.org) including the redevelopment and connectivity plans.
- b. Inventory all public parking inventory including responsibilities by the Parking Authority, Main and Branch Libraries, Board of Ed, Recreation and Parks, Public Works and Building Management, Police and Fire Departments, Historic Commission, and the State of

Connecticut including park and ride resources. Will require individual department/agency interviews.

- c. Inventory private parking spaces citywide as alternatives and shared collaborations.
- d. Recommend walking distances and pedestrian zones to and from parking resources.
- e. Recommend parking management policies and best practices
- f. Recommend parking planning for different user groups
- g. Recommend shared public off-street parking
- h. Recommend areas for permit parking
- i. Recommend shared private parking and related policies and agreements
- j. Recommend code requirements and zoning regulations, covenants and codification of parking management and transportation demand management measures
- k. Evaluate and recommend areas for a residential parking permit program
- l. Create a comprehensive, unified citywide parking organization model.
- m. Develop an additional GIS layer, if applicable.

1. Quantify capital and operating costs of the operations, policy and management recommendations.
2. Identify strategies to offset costs such as parking benefit districts.
3. Identify and recommend near term and temporary parking solutions (2 years) and long term permanent parking solutions.
4. Recommend a Circulation and Access Improvement Strategy in and around parking resources.
5. Parking Management Strategy: A new approach to parking and access will become a vital part of a district management strategy. Considering future uses and multimodal improvements within the district, parking is to be addressed as part of the overall strategy for district development. The management strategy will include (at a minimum) consideration of:
 - Decoupling parking from on-site development requirements;
 - Estimating and costing out future parking need;
 - Create shared-use parking guidelines and zoning opportunities.

- Consideration of parking construction and management by the Norwalk Parking Authority.
 - Recommend specific multimodal goals of the city to reduce parking demand, for example
 - Examples: Improve walkability of X districts to encourage Park Once practices (i.e. parking in shared use facility and walking to multiple destinations). Increase shuttle or circulator services within X districts or along specific commercial corridors to connect to transit hubs. The proposal should include creative ways to reduce parking demand by offering other sensible transportation options.
6. Create a Draft Parking Master Plan. The Plan is intended to be a framework for providing effective shared parking and parking management approaches. The Draft Parking Master Plan will contain a broad course of action based on the findings above and include;
 - a. Best practices in the area of municipal and mixed-use parking planning as well as elements of the findings from the tasks above
 - b. Make recommendations in terms of the best course of action for the Parking Authority in providing public parking and the overall roles of the private sector
 - c. Identify off-street public (shared) parking locations for purchase or lease
 - d. Recommend funding options
 - e. Discuss phasing of any additional parking supply construction
 - f. Review operational policies and recommend improvements.
 - g. Further develop off-street parking policies regarding shared parking and joint-use parking
 - h. Identify Residential and other (public) parking permits
 - i. Identify triggers for use of possible options to provide off-site parking or parking management if spaces on-site cannot meet shared parking requirement.
 - j. Recommend alternative mobile options to parking
 - k. Recommend repurposing of parking facilities for collaborative purposes
 7. Recommend locations and criteria for residential permit parking throughout the city.
 8. Recommend locations and criteria for loading and commercial delivery zones.
 9. Recommend zoning changes to meet goals of the Plan.
 10. Community Participation: Community involvement, from Plan inception to Plan adoption, will be a critical element to gain wide acceptance of the Plan and subsequently achieve the goals within the Plan. In addition to a plan update page, we are seeking a firm that has demonstrated innovative ways of reaching out to the community, keeping in mind that a diverse community has different ways of keeping informed. It is anticipated that there will be individual meetings with various neighborhood groups by

the consultant team as well as the Parking Steering Committee. Provide examples on how your firm will achieve this expectation(s).

Phase II (Long Term)

1. Create a plan/strategy for long term parking capacity
2. Recommend future permanent parking collaborations and options
3. Create a complete trip plan linking transportation management and parking system
4. Recommend funding options and partnerships

D. The CITY may, from time to time, request changes in the Services to be performed hereunder. Such changes, including any increase or decrease in the amount of the CONTRACTOR'S compensation, which are mutually agreed upon by and between the CITY and the CONTRACTOR, shall be valid only

when incorporated in written amendments signed by both parties
to this Agreement.

3. **COMPENSATION**

A. The CONTRACTOR shall be compensated for its performance of this Agreement, a maximum amount not to exceed the sum of «**ContractBudgetInEnglish**»(\$«**ContractBudget**») payable in accordance with the terms of the CONTRACTOR's bid.

B. The compensation provided under this Agreement constitutes full and complete payment for all costs and expenses assumed by the CONTRACTOR in performing this Agreement including but not limited to labor, materials, product, tools and machinery, salaries, meetings, and all similar expenses. No costs in excess of this stated amount shall be paid or reimbursed by the CITY without specific prior written approval of the Director.

C. Payments to the CONTRACTOR under this Agreement shall be made by the CITY on approval of payment requisitions certified by the CONTRACTOR and submitted not more often than once a week. Each requisition shall be in a form acceptable to the CITY and shall set forth the hours of work performed and the tasks completed. The CITY may, prior to making any payment under this Agreement, require the CONTRACTOR to submit to it such additional information and/or documentation as it may deem necessary.

D. The acceptance by the CONTRACTOR, its successors or assigns, of any payment made on the final requisition under this Agreement, or of any final payment due on termination of this Agreement, shall constitute a full and complete release of the CITY from any and all claims, demands and causes of action whatsoever which the CONTRACTOR, its successors or assigns have or may have against the CITY under the provisions of this Agreement.

4. **TIME PROVISIONS**

A. The term of this Agreement shall commence effective _____ and conclude on _____. The CONTRACTOR shall perform its Services throughout this period.

B. This Agreement shall remain in effect until the services required hereunder are fully completed to the satisfaction of the CITY, unless otherwise terminated by the parties hereto.

In the event of such termination, the CONTRACTOR's Services shall be paid for in such amount as shall compensate the CONTRACTOR for the Services satisfactorily completed prior to termination. Such amount shall be fixed by the CITY after consultation with the CONTRACTOR, and shall be subject to audit by the CITY's Comptroller. Termination under this section shall not give rise to any claim against the CITY for damages or for compensation in addition to that provided hereunder.

B. The CONTRACTOR may at any time and for any reason terminate this Agreement by written notice specifying the termination date, which shall be not less than thirty (30) days from the date such notice is given.

6. **INSURANCE**

The CONTRACTOR agrees to obtain at its own cost and expense all insurance required by the attached Insurance Rider and to keep the same in continuous effect for a period of two (2) years following the date on which the Director indicates the termination of the CONTRACTOR's responsibilities hereunder. Each insurance certificate shall be endorsed to name the City of Norwalk as an additional insured party and shall provide that the insurance company providing coverage shall notify the CITY by certified mail at least thirty (30) days prior to the effective termination of or any change in the policy or policies coverage. No change in the coverage provided hereunder shall be made without the prior written approval of the Director.

7. **GENERAL PROVISIONS**

A. By this Agreement the CITY intends to secure the professional services of qualified, experienced employees of the CONTRACTOR. Failure of the CONTRACTOR for any reason to make a sufficient number of such employees available to the CITY to the extent necessary to perform the services required in a skillful, professional and prompt manner shall be cause for termination of this Agreement.

B. This Agreement, being intended to secure the Services of the CONTRACTOR, shall not be assigned, delegated, transferred or subcontracted in any manner or to any extent without the prior consent of the CITY in writing.

C. When the CITY shall have reasonable grounds for believing that:

(1) The CONTRACTOR will be unable to perform this Agreement fully, professionally, and satisfactorily within the time fixed for performance or in accordance with the terms and requirements set forth herein; or

(2) A meritorious claim exists or will exist against the CONTRACTOR or the CITY arising out of the negligent, willful or wanton acts, errors or omissions of the CONTRACTOR, its agents, servants or employees, or the CONTRACTOR's breach of any provision of this Agreement; then the CITY may withhold payment of any amount otherwise due and payable to the CONTRACTOR hereunder. Any amount so withheld may be retained by the CITY for such period as it may deem advisable to protect the CITY against any loss, expense or damage and may, after written notice to the CONTRACTOR, be applied in satisfaction of any claim herein described. This provision is intended solely for the benefit of the CITY, and no person shall have any right or claim against the CITY by reason of the CITY'S failure or refusal to withhold monies. No interest shall be payable by the CITY on any amounts withheld under this provision. This provision is not intended to limit or in any way prejudice any other right of the CITY.

D. The CONTRACTOR shall not assert any claim arising out of any act or omission by any agent, officer or employee of the CITY in the execution or performance of this Agreement against any such agent, officer or employee. Such claims may be made against the CITY.

E. No member of the governing body of the CITY, and no other officer, employee, or agent of the CITY shall have any personal interest, direct or indirect, in this Agreement, except as permitted by the Code of Ethics of the City of Norwalk; and the CONTRACTOR covenants that no person having such interest shall be employed in the performance of this Agreement. The CONTRACTOR further covenants that he has no prior personal or business relationship with the CITY'S architect, general contractor, or their consultants, subcontractors, agents, or employees.

F. The CONTRACTOR shall indemnify, defend and save

harmless the CITY, its officers, agents, servants and employees, from and against any and all claims, demands, suits, proceedings, liabilities, judgments, losses, costs or damages, including attorneys' fees, which are claimed to be due in any way to the actions or omissions of the CONTRACTOR, its agents, servants, representatives or employees arising out of the services to be performed under this Agreement. This provision shall include all losses, costs, and damages which the CITY may suffer as a result of any negligent, willful or wanton action or omission by the CONTRACTOR or anyone in its employ or under its control, including any agent, employee or representative. The CONTRACTOR hereby assumes and agrees to pay for the defense of all such claims, damages, demands, suits and proceedings. The provisions of this paragraph shall survive the expiration or early termination of this Agreement, shall be separate and independent of any other requirement hereof, and shall not be limited by reason of any insurance coverage provided.

G. This Agreement shall be construed in accordance with the laws of the State of Connecticut, and any action or suit at law in connection herewith shall be brought in the Superior Court of the State of Connecticut, Judicial District Stamford/Norwalk.

H. The CONTRACTOR shall comply with all applicable laws, ordinances and codes of any governmental body having jurisdiction over any matter related to this Agreement or the services to be performed hereunder, and shall commit no trespass on any private property in performing any of the work embraced by this Agreement.

I. During the performance of this Agreement, the CONTRACTOR agrees not to discriminate against any employee or applicant for employment because of race, color, religion, age, sex, gender, physical disability, sexual orientation, national origin or any other grounds prohibited by applicable law.

J. This Agreement incorporates all the understandings of the parties hereto and supersedes any and all agreements reached by the parties prior to the execution of this Agreement, whether oral or written.

K. The CITY and the CONTRACTOR each binds itself and its successors and assigns to the other party and to its successors and assigns with respect to all covenants of this Agreement. The CONTRACTOR shall transfer any interest in this Agreement without the prior written approval of the CITY.

L. The products of the services performed under

this Agreement shall become and remain the property of the CITY. This shall include all partially completed services in the event that the Agreement is terminated before completion of its term for any reason.

M. If any provision of this Agreement is held invalid, the balance of the provisions shall not be affected thereby if such provisions would then continue to conform to the requirements of applicable laws. The remaining provisions shall thereupon continue in full force and effect.

INSURANCE RIDER

The Contractor shall provide and maintain insurance coverage related to its services in connection with the Project in compliance with the following requirements.

The insurance required shall be written for not less than the scope and limits of insurance specified hereunder, or required by applicable federal, state and/or municipal law, regulation or requirement, whichever coverage requirement is greater. It is agreed and understood that the scope and limits of insurance specified hereunder are minimum requirements and shall in no way limit or preclude the City from requiring additional limits and coverage to be provided under the Contractor's policies.

Minimum Scope and Limits of Insurance:

Workers' Compensation Insurance: With respect to all operations the Contractor performs, it shall carry Workers' Compensation Insurance in accordance with the requirements of the laws of the State of Connecticut.

Commercial General Liability: With respect to all operations the Contractor performs it shall carry Commercial General Liability insurance providing for a total limit of One Million Dollars (\$1,000,000) coverage per Occurrence for all damages arising out of bodily injury, personal injury, property damage, products/completed operations, and contractual liability coverage for the indemnification obligations arising under this Agreement. The Annual Aggregate limit shall not be less than Two Million Dollars (\$2,000,000).

Automobile Liability: With respect to each owned, non-owned, or hired vehicles the Contractor shall carry Automobile Liability insurance providing One Million Dollars (\$1,000,000) coverage per accident for bodily injury and property damage.

Umbrella/Excess Liability: With respect to all operations the Contractor performs, the insurance limits required can be provided with a combination of Umbrella or Excess Liability insurance that would "follow form" of the underlying required terms and conditions.

Environmental Liability: If applicable, based on the Contractor's Scope of Work, the Contractor is required to provide environmental and remediation (Contractor's Pollution Liability -CPL-) insurance in the amount of Five Million Dollars (\$5,000,000) per claim limit and Five Million Dollars (\$5,000,000) aggregate limit per occurrence. If the insurance is provided with a combination of excess pollution liability

policies, the policy shall be written on a follow form coverage wording to its underlying Schedule of insurance.

Errors and Omissions/Professional Liability: With respect to any damage caused by an error, omission or any negligent or wrongful act of the Contractor or any subcontractor or subconsultant in connection with any professional services performed under this Agreement the Contractor shall carry One Million Dollars (\$1,000,000) coverage per claim.

"Tail" Coverage: If any of the required liability insurance is on a "claims made" basis, "tail" coverage will be required at the completion of the Project for a duration of twenty-four (24) months, or the maximum time period reasonably available in the marketplace. Contractor shall furnish certification of "tail" coverage as described or continuous "claims made" liability coverage for twenty-four (24) months following Project completion. Continuous "claims made" coverage will be acceptable in lieu of "tail" coverage, provided its retroactive date is on or before the effective date of this Agreement. If continuous "claims made" coverage is used, Contractor shall be required to keep the coverage in effect for a duration of not less than twenty-four (24) months from the date of final completion of the Project.

Acceptability of Insurers: The Contractor's policies shall be written by insurance companies licensed to do business in the State of Connecticut, with an AM Best rating of A-VII, or otherwise acceptable to the City.

Subcontractors: The Contractor shall require all subcontractors to provide the same "minimum scope and limits of insurance" as required herein, with the exception of Errors and Omissions/Professional Liability insurance, unless Errors and Omissions/Professional Liability insurance is applicable to the Work performed by the subcontractors. All Certificates of Insurance shall be provided to the City's Corporation Counsel as required herein.

Aggregate Limits: Any aggregate limits must be declared to and be approved by the City. It is agreed that the Contractor shall notify the City whenever fifty percent (50%) of the aggregate limits are eroded during the required coverage period. If the aggregate limit is eroded for the full limit, the Contractor agrees to reinstate or purchase additional limits to meet the minimum limit requirements stated herein. Any premium for such shall be paid by the Contractor.

Deductibles and Self-Insured Retentions: Any deductible or self-insured retention must be declared to and approved by the

City. All deductibles or self-insured retentions are the sole responsibility of the Contractor to pay and/or to indemnify.

Notice of Cancellation or Nonrenewal: Each insurance policy required shall be endorsed to state that coverage shall not be suspended, voided, or cancelled in coverage or in limits before the expiration date except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the City. Notwithstanding this requirement, the Contractor is primarily responsible for providing such written notice to the CITY thirty (30) days prior to any policy change or cancellation that would result in a change of the amount or type of coverage provided. In the event of any such change the Contractor shall provide comparable substitute coverage so that there is no lapse in applicable coverage or reduction in the amount of coverage available to the CITY related to the Contractor's services.

Waiver of Governmental Immunity: Unless requested otherwise by the City, the Contractor and its insurer shall waive governmental immunity as defense and shall not use the defense of governmental immunity in the adjustment of claims or in the defense of any suit brought against the City.

Additional Insured: The liability insurance coverage, except Errors and Omissions, Professional Liability, or Workers' Compensation, if included, required for the performance of the Project shall include the City of Norwalk as an Additional Insured with respect to the Contractor's activities to be performed under this Agreement. Coverage shall be primary and non-contributory with any other insurance and self-insurance.

Waiver of Subrogation: Contractor hereby waives the right to subrogate or seek recovery from City of Norwalk and its insurance carriers.

Certificate of Insurance: As evidence of the insurance coverage required by this Agreement, the Contractor shall furnish Certificate(s) of Insurance to Corporation Counsel's Office prior to the Contractor's commencement of services under this Agreement. The Certificate(s) will specify all parties who are endorsed on the policy as Additional Insureds (or Loss Payees). The Certificates and endorsements for each insurance policy are to be signed by a person authorized by the insurer to bind coverage on its behalf. Renewals of expiring Certificates shall be filed thirty (30) days prior to expiration. The City reserves the right to require complete, certified copies of all required policies at any time.

All insurance documents required should be mailed to the City of Norwalk Corporation Counsel, 125 East Avenue, Room 237, P.O. Box 5125, Norwalk, Connecticut 06856-5125.

Waiver of requirements: The Corporation Counsel may vary these insurance requirements at Corporation Counsel's sole discretion if Corporation Counsel determines that the City's interests will be adequately protected by the provision of different types or other amounts of coverage.
