Vision Benefits

For You and Your Dependents

Covered Expenses

If you or any one of your Dependents., while insured for Vision Benefits, incurincurs expenses for charges made In-Network for one complete eye exam, including basic vision screening, refraction and tonometric testing, Cigna will pay that portion of the expense remaining after you or your Dependent has paid the required Copayment shown in The Schedule. You do not need a referral from your PCP (if any) to access these services.

Expenses incurred for charges made In-Network for the purchase of eyeglasses and contact lenses will be subject to the maximum benefit shown in The Schedule.

HC-VIS3 04-10
V1

Exclusions, Expenses Not Covered and General Limitations

Exclusions and Expenses Not Covered

Additional coverage limitations determined by plan or provider type are shown in the Schedule. Payment for the following is specifically excluded from this plan:

- care for health conditions that are required by state or local law to be treated in a public facility.
- care required by state or federal law to be supplied by a public school system or school district.
- care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- treatment of an Injury or Sickness which is due to war, declared, or undeclared, riot or insurrection.
- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan.
- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- for or in connection with experimental, investigational or unproven services.

  Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance abuse or other health care technologies, supplies, treatments, procedures, drug therapies or devices that are determined by the utilization review Physician to be:

  - not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or sickness for which its use is proposed;
  - not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed for the proposed use;
  - the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the “Clinical Trials” section of this plan; or
  - the subject of an ongoing phase I, II or III clinical trial, except as provided in the “Clinical Trials” section of this plan.
- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem or to treat psychological

symptomatology or psychosocial complaints related to one's appearance.

- The following services are excluded from coverage regardless of clinical indications: Rhinoplasty; Acupressure; Dance therapy, Movement therapy; Applied kinesiology; Rolfing; and Extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
- dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental injury to sound natural teeth are covered provided a continuous course of dental treatment is started within six months of an accident. Sound natural teeth are defined as natural teeth that are free of active clinical decay, have at least 50% bony support and are functional in the arch.
- for medical and surgical services intended primarily for the treatment or control of obesity. However, treatment of clinically severe obesity, as defined by the body mass index (BMI) classifications of the National Heart, Lung and Blood Institute guideline is covered if the services are demonstrated, through peer-reviewed medical literature and scientifically based guidelines, to be safe and effective for treatment of the condition.
- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons including, but not limited to, employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.
- transsexual surgery including medical or psychological counseling and hormonal therapy in preparation for, or subsequent to, any such surgery.
- for treatment of erectile dysfunction. However, penile implants are covered when an established medical condition is the cause of erectile dysfunction.
- medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
- nonmedical counseling or ancillary services, including but not limited to Custodial Services, education, training, vocational rehabilitation, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, employment counseling, back school, return to work services, work hardening programs, driving safety, and services, training, educational therapy or other nonmedical ancillary services for learning disabilities, developmental delays, autism (except as may otherwise be covered under the plan) or mental retardation.
- therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the "Home Health Services" or "Breast Reconstruction and Breast Prostheses" sections of this plan.
- private Hospital rooms and/or private duty nursing except as provided under the Home Health Services provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids including, but not limited to, corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets and dentures.
- aids or devices that assist with nonverbal communications, including but not limited to communication boards, prerecorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses for treatment of keratoconus or post-cataract surgery).
- eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- all noninjectable prescription drugs, injectable prescription drugs that do not require Physician supervision and are typically considered self-administered drugs, nonprescription drugs, and investigational and experimental drugs, except as provided in this plan.
- routine foot care, including the paring and removing of corns and calluses or trimming of nails. However, services associated with foot care for diabetes and peripheral vascular disease are covered when Medically Necessary.
- membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any
