c. Approve the reorganization and leadership of the Budget Committee, Communications Committee, and Infrastructure Committee as denoted in the meeting.

Mr. Alan reported that he is working with Ms. Rakowsky on social media and therefore, it would be appropriate for him to be the head of the Communications Committee. He said he would like to re-organize that committee.

Mr. Alan explained that the Infrastructure Committee deals with galleries and art collections. He said it was important to determine who would serve on that committee and suggested that Ms. Evelyn or Mr. Abriola join that committee. Mr. Alan opened up the discussion. Mr. Abriola said he would be happy to join the Infrastructure Committee, but wanted the whole group to have an opportunity. Mr. Straniti said he would like to be a part of the Infrastructure Committee. Ms. Roman declined.

The members of the Commission had no objection to Mr. Alan moving to the Communications Committee. He said he would send a summary e-mail to the Commissioners.

i. Public Art Policy Update – Marc Alan & Sabrina Church

Ms. Church said they are waiting for a review of the review process so there is something to follow. Mr. Alan said there was a public art application of what had previously existed. Ms. Church said that process was not approved correctly, so in the eyes of the Law Department, they do not exist.

Mr. Alan said the Commission needs to decide the process on how to accept items into the collection. The City of Norwalk has an extensive art collection that is controlled by various City of Norwalk groups, including the Historical Commission. Mr. Alan said a lot of the art work is in storage and it is very confusing to keep track of the art.

Mr. Alan reported that following a tour of the Walk bridge, a request was made for some structural material pieces that can be used for art work.

Mr. Alan reported that the Sono Arts Festival would be a mini arts festival this year.

b. Public Art Re-Definition/ Inventory Project

Mr. Alan said he has been talking to Mr. Westmoreland about creating an inventory of all City owned art pieces. He noted that this would be a collaborative process. Ms. Church suggested hiring a consultant to take photographs of the art work and include the cost in the budget. Mr. Alan said it was important for the City to have a unified list of all the art work the City owns. He said it was a massive collection.

Mr. Alan said that when the Norwalk Museum building closed, the art work went to the Historical Society. He added that art work is currently on display at various locations in the City, including City Hall, the South Norwalk Train Station, the Transit District building and the Norwalk Historical Society building.

c. Approval of traffic box painting by entrance of Webster Lot in SONO

Mr. Alan explained they ran into issues with the owner of the land (64 Wall Street) where a traffic box was located. He said that because they do not have an opinion from the Legal Department, they decided instead to paint the traffic box at the entrance of the Webster Lot. He described the design and said it was a Maya Angelou tribute. Mr. Abriola spoke in support of the design and said that Ms. Angelou was a remarkable person.
