MAYOR'S REMARKS: Norwalk is in the middle of its budget season and working diligently with the different departments and the Board of Education to develop a fair budget. There has been a spike in COVID-19 cases and hospitalizations. The city will continue to hold vaccination clinics to mitigate the situation. Mayor is disappointed to miss Bren McMahon High School's Poinsettia Concert as it is on the same night as the Council meeting. He looks forward to attending Norwalk High School's' Candlelight Concert the next day. He praised the music programs of both high schools. He wished everyone a Merry Christmas, Happy Kwanzaa and a Happy Hannukah.

V. COUNCIL PRESIDENT

Council President Livingston announced the cancellation of the December 28th meeting of the Common Council. He read a statement the Common Council issued regarding the use of racist language in schools. "Norwalk prides itself on being a diverse city where all are welcome. The Common Council is aware of two allegations of Norwalk Public Schools employees using racial slurs. While we cannot comment on personnel matters, the Council strongly affirms its belief in the dignity of each of its residents and the expectation that every city employee will always treat every resident with respect. This includes an obligation not to use hate speech, racial slurs, or any form of derogatory language about any group of people. The Council is committed to personnel policies that make that expectation clear to all employees and hold them accountable for any violations." Common Council Member Burnett read the following statement: "The intergenerational relationships which help to build and strengthen individuals and communities are extremely valuable especially in our current environment. Students look to our teachers and staff for guidance and direction as they begin to formulate their own beliefs, feelings, and perceptions. We must have a zero-tolerance approach that includes immediate termination, if allegations prove to be true, within our school system as it relates to inappropriate speech of any type which can have a long lasting impact on our students. I encourage the Norwalk Board of Education and all City departments to regularly review our policies and practices with all employees to ensure a clear understanding and agreement is in place to maintain a respectful community for us all."
