

The Norwalk Health Department announces the eleventh annual Restaurant Ratings Lighthouse Awards. The Norwalk Board of Health began the Lighthouse Ratings program to recognize food establishments for maintaining the highest rating for the year's previous inspections. Two hundred fourteen (214) class three and four food establishments qualify for this distinction for 2018. Each receives a certificate to display in their establishment.

In order to qualify:

- The people working in these establishments have exhibited safe food handling practices.
- A qualified food operator was always on site.
- A score of 90 or higher without critical violations was obtained for each inspection.
