**Re: 19 South Beach Drive- Account # 5877**

To whom it may concern:

This letter is to be considered certification that **Account # 5877** has an existing 5/8" meter. After reviewing the modified application that the customer submitted, the water meter shall remain the size of 5/8". The customer has an existing 1" K copper service line which is adequate enough for the project. A meter pit is already installed on the premise. Should you have any questions, please feel free to contact me at the number above.

Regards,

*Justin Andriopoulos*
