### *COLD CASE INVESTIGATIONS*

**CASE:** 73-25064

**CASE TYPE:** Unidentified Male Body

**DATE:** 7-27-1973

**LOCATION:** Charles Creek

**VICTIM:** Unidentified White Male, 30-35 years of age, 5'10", 175lbs, reddish-brown hair. Male was wearing a Cranbury colored "Grooves" brand pull over shirt-size medium; "Levis" brand gray trousers; size 30 Fruit of the Loom underpants. No jewelry or other personal paperwork.

**SUMMARY:** On July 27<sup>th</sup>, 1973 at 6:50am, a passerby in the area of the Rex Marine Yacht Club docks in Charles Creek off of Beach Road observed a white male floating in the water face down. The body was taken to the Norwalk Hospital Morgue where an Autopsy was performed at a later date. Due to a state of decomposition, no facial identification would be possible. The autopsy estimated that the date of death would be sometime between July 20<sup>th</sup> and July 23<sup>rd</sup>, 1973 based upon decomposition. Recently, the dental chart that was completed at autopsy in 1973 has been coded into NCIC. The partial fingerprints of the male were restored by the FBI in 1973 and recently searched through the IAFIS fingerprint system with no matches.
