INTRODUCTION & METHODOLOGY

The draft inventory report that follows is organized by Agency/Location/Work for ease of review.

Page 4 contains a basic Contents Table, which directs each agency to “their” section. On the first page indicated for each section is a more detailed list of works by location or description.

The exception is Appendix 1 which details the works discovered in the Oyster Park underpass, the provenance of which is unclear.

For the most part the condition of works is “good”, except for early murals (see Section 6).

Due to space restrictions for this document, most works are represented by one or two illustrations. In the database to be created this restriction will not apply and additional images, as well as audio and video, will be included.

The Condition Report (located at the bottom of each record) and any detail image of deterioration or damage is for internal agency use only and will not be included in the database record.

It should be noted that photographing some of the works was problematic due to either lighting conditions or location in narrow corridors or high on a wall and under fluorescent lighting. This has been notated where it occurred, and such images are not suitable for reproduction for other purposes than for reference. If images are desired for other purposes such as tours, web site, tourism brochures, poster or print material, professional (re) photography will be required.

Missing Data
Details not found or provided at the date of submitting this second draft report: some details such as date created/ dimensions, etc., are still outstanding and are indicated in yellow highlight throughout. Every effort will be made to acquire this information with the assistance of the relevant agency and/or artists, prior to data entry in January/February 2015, however some data may not be recoverable due to time lapses and lack of documentation.

Artist(s): Community participants

Date Created (Year): 2011

Location: Norwalk Public Library Children’s, 2nd Fl.

Dimensions: 73” H x 81” W

Edition #:

Description: A collaboration between Peace by Piece: The Norwalk Community Quilt Project and Stepping Stones Museum for Children. Funded by the Norwalk Children’s Foundation. Fabrics donated by Nate and Betsy Pusey. Children in the greater Norwalk community created the quilt fabric art using techniques in batik, cyanotype, spray dying, drawing, painting, stamping and stenciling. The quilt template was designed by Lizzy Rockwell.

More than 700 children and adults from local families, organizations, schools and community groups worked together to stitch this quilt that celebrates the museum’s 10th birthday and its lasting impact in the community.

Title: THE ALICE WENTWORTH

Artist(s): BRECHIN MORGAN / DOUGLAS DePIERRO

Location: Washington & Water Streets

Dimensions:

Edition #:

Description: Originally painted in 1987 by Brechin Morgan & members of the Brechin Sign Co., funded by the City Trust Corp. Repainted in 1983 with support from City Trust & Collins Development Corp. Resurfaced and restored in July 2007 by artist Douglas dePierro and dedicated to the memory of businessman Irving Avrick.

Ownership: Building owners (condominium association)

CONDITION REPORT: For internal use only. Not for entry in database.

Poor. Consistent water seepage problem causes paint to lift off surface and flake away in many areas, especially under window sills. Signage at base is in very poor condition and one sign is no longer attached to wall but sits on ground.
